

NEVADA STATE BOARD OF
PHYSICAL THERAPY EXAMINERS
MEETING MINUTES OF JULY 20, 2006

- Item 1- Call to order / roll call to determine the presence of a quorum. After determining the presence of a quorum, the meeting was called to order at 8:43am. Board Members in attendance: Pamela Hogan, Chairman; Jack Close, Secretary/Treasurer; Chad Bible, Cef Villafuerte and Conee Spano, Public Member. Non-Members in attendance: Richard Dreitzer, Deputy Attorney General; Lawrence P. Mooney, Chief Inspector and Allison Tresca, Executive Secretary.
- Item 2- Review and approval of minutes for Board meeting of May 11, 2006. On motion by Board Member Spano, seconded by Board Member Close and approved with a unanimous vote, the minutes were approved with grammatical/typographical locations corrections.
- Item 3- Review and approval of executive session minutes for Board meeting of May 11, 2006. On motion by Board Member Close, seconded by Board Member Spano and approved with a unanimous vote, the minutes were approved.
- Item 4- Review and approval of Treasurer's Report for period ending April 2006. On motion by Board Member Spano, seconded by Board Member Villafuerte and approved with a unanimous vote, the Treasurer's Report was approved.
- Item 5- Review and approval of Profit and Loss Report for period ending April 2006. On motion by Board Member Spano, seconded by Board Member Villafuerte and approved with a unanimous vote, the Profit and Loss Report was approved.
- Item 6- Review and approval of Balance Sheet as of May 1, 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Balance Sheet was approved.
- Item 7- Review and approval of Treasurer's Report for period ending May 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Treasurer's Report was approved.
- Item 8- Review and approval of Profit and Loss Report for period ending May 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Profit and Loss Report was approved.

- Item 9- Review and approval of Balance Sheet as of June 1, 2006. On motion by Board Member Bible, seconded by Board Member Spano and approved with a unanimous vote, the Balance Sheet was approved.
- Item 10- Review and approval of Treasurer's Report for period ending June 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Treasurer's Report was approved.
- Item 11- Review and approval of Profit and Loss Report for period ending June 2006. On motion by Board Member Spano, seconded by Board Member Villafuerte and approved with a unanimous vote, the Profit and Loss Report was approved.
- Item 12- Review and approval of Balance Sheet as of July 1, 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Balance Sheet was approved.
- Item 13- Review and approval of Fiscal Year Budget Report. The Executive Secretary clarified that the miscellaneous expenses were primarily witness fees and mileage expenses of witnesses for case. Board Member Spano addressed the Board, stating that income was up about 6%, but expenses were up about 59%. She noted that the largest expense was the Deputy Attorney General costs due to the cases over the past year. Board Member Spano asked if the Board could be considered a General Fund Client and pay a flat rate. The Executive Secretary and Deputy Attorney General advised that General Fund Client status cannot be awarded to any entity that derives some or all of their income from licensure fees cannot be considered for such a designation. Board Member Close noted that if the Board did not have the difficult and lengthy cases that required so much time, the Board would have operated within their budget. He also stated that such expenditures are impossible to prepare for as the Board does not know what cases will be coming forth. He also noted that the projections were much closer than in previous years. Board Member Spano stated it was imperative to cover the Board's legal costs when discipline is imposed. On motion by Board Member Bible, seconded by Board Member Villafuerte and approved with a unanimous vote, the Fiscal Year Budget Report was approved.
- Item 14- Review and approval of Secretary's Report for July 20, 2006 Board meeting. On motion by Board Member Spano, seconded by Board Member Close and approved with a unanimous vote, the Secretary's Report was approved.
- Item 15- Applicant Peter Schrey requests to be licensed as a physical therapist. This appearance is required due to the fingerprinting report received from the Federal Bureau of Investigation and the applicant's failure to disclose his arrest. On motion by Board Member Spano, seconded by Board Member Closes and approved with a unanimous vote, the Board entered closed session. After returning to open session, on motion by Board Member Close,

seconded by Board Member Spano and approved with a unanimous vote, applicant Peter Schrey was granted a license.

- Item 16- Applicant Vernalucia DeGuzman requests to be licensed as a physical therapist. This appearance is required as the applicant has not practiced since February, 2003 and cannot provide professional references more recent than February, 2000. On motion by Board Member Villafuerte, seconded by Board Member Bible and approved with a unanimous vote, the Board entered closed session. After returning to open session, on motion by Board Member Close, seconded by Board Member Spano and approved with a unanimous vote, the applicant will be granted a one-year probationary license and must obtain 1.5 units of continuing education by October 20, 2006. The course must be approved by the Board. Board Member Bible will approve the course on behalf of the Board. The probationary license will require the on-site supervision of a Board-approved licensed physical therapist who must co-sign all notes. The supervisor must, in writing, agree to supervise the licensee. In addition, a secondary supervisor must be in place as well. The secondary supervisor will step in when the primary supervisor is ill or on vacation. The secondary supervisor must also be approved by the Board. The supervising therapist should provide feedback regarding the assessments and treatments. The licensee must appear before the Board to request release from probation.
- Item 17- Licensee Todd Mansel appears on Complaint #2006-22 for failure to cooperate with the Board in the investigation of a complaint. This item was removed from the agenda as the matter was resolved between Board counsel and the licensee's counsel.
- Item 18- Gabriel Enescu appears to request release from probation which was imposed in March, 2006. On motion by Board Member Spano, seconded by Board Member Bible and approved with a unanimous vote, the Board entered closed session. After returning to open session, on motion by Board Member Spano, seconded by Board member Bible and approved with a unanimous vote, the licensee was released from probation.
- Item 19- Applicant John Sulgrove requests to take the National Physical Therapy Examination a sixth time in accordance with NRS 640.100(4). On motion by Board Member Bible, seconded by Board Member Villafuerte and approved with a unanimous vote, the Board entered closed session. After returning to open session, on motion by Board Member Spano, seconded by Board Member Villafuerte and approved with a unanimous vote, the applicant was granted permission to take the National Physical Therapy Examination for the sixth time.
- Item 20- Activities of the Board office.
- a) Update of activities of the Board office. The Executive Secretary noted that the renewal process was going smoothly, however a large percentage of the licensees were waiting until the last 2 weeks to renew. She also noted that

- the request for duplicate renewal forms was down about 50%, but the number of renewals that had to be returned to the licensee's was up about 30%. The Board was advised that many licensees were requesting licenses to be faxed when processed. Other requests included calling the licensee when their renewal was received and holding the licenses for pick-up. The Executive Secretary said it was impossible to honor the high volume of special requests and all renewals were processed and mailed in the same manner. The Executive Secretary noted that she had processed the initial paperwork to the account to prepare for the annual financial audit. She also noted that the number of cases and the complexities of those cases have been quite high and that has been taking a great deal of her time.
- b) Review of responses to the Customer Satisfaction Survey mailed to all licensees in May. The Board reviewed a report on the survey received. *Please see report in the minutes file.*
 - c) Review and approval of budget for the fiscal year of July 1, 2006 through June 30, 2007. On motion by Board Member Villafuerte, seconded by Board Member Bible and approved with a unanimous vote, the budget was tabled until the next meeting.
 - d) Results of Federation of State Boards of Physical Therapy survey of all jurisdictions regarding background checks of applicants. The Executive Secretary reported that only Nevada, California and New Jersey currently fingerprint their applicants for licensure. She noted that in the majority of jurisdictions, they simply ask for disclosure of arrests on the application. The Executive Secretary stated that Steve McCauley of the Nevada Athletic Trainer's Board asked if our Board would share its fingerprinting reports with them, when there are mutual applicants. The Executive Secretary stated that our contract with the FBI clearly prohibits dissemination of the reports. She also noted that the reports contain that same language. It was discussed that Chairman Hogan would write a letter to Ms. McCauley regarding this matter. This was deemed necessary due to Mr. McCauley's disregard for the Executive Secretary's responses in the past. The Executive Secretary was directed to draft a letter for Chairwoman Hogan to revise and mail. Board Member Bible asked if the process of fingerprinting could be sped up. The Executive Secretary stated the fingerprints have historically taken at least 8 weeks.
 - e) Review of current office hours and consideration to increase the hours the office is open. The Executive Secretary noted that several licensees made comments on the survey that the office should expand the hours it is open. The Executive Secretary noted that few calls come in before or after our posted hours. Board Member Hogan asked if the office closed for lunch. The Executive Secretary stated that the majority of walk-ins come in between 11-1pm and the Board office does not close for lunch. She stated that staff may close for 10-15 minutes to pick-up lunch, but never longer than that, and certainly not on a daily basis. The Executive Secretary also noted that the office is open an extra 30 minutes during the month of July to accommodate the licensees during the renewal period. Board Member Close stated that most offices are open 8 hours a day, with one hour closed

for lunch. He stated that the office hours for the Board are not driven by patient demand. He noted that the Board is available by phone for a large portion of the day and available by email 24 hours a day. He stated that 30 extra minutes would not make any difference to anyone seeking to reach the Board. Board Member Close stated that we should advertise to the licensees that the Board is available via email at all times. It was determined that the current hours are adequate to handle the activities of the Board office.

- Item 21- Discussion of the requirements for temporary licensure, including the fingerprinting of applicants. Board Member Bible stated that, as an employer, he was frustrated by the time it takes to obtain the fingerprint results of applicants. He indicated that the delay was a hindrance when recruiting. He stated that he respects the reason for fingerprinting, but would like to allow an applicant to work under a temporary license while awaiting the results of the fingerprinting. Chief Inspector Mooney stated that it had been discussed with legal counsel previously that it was very difficult to take a license away from someone. Doing so would necessitate legal action, which takes time. Board Member Hogan stated that patient care was of utmost concern. She stated that her concern was granting a temporary license to someone with a criminal record. She stated that, even if the license was in effect for only 24 hours, that person could assault or harm someone. She noted that not all applicants will disclose their arrests. Board Member Bible stated that perhaps direct supervision would be appropriate. Board Member Close asked legal counsel if the Board could be held liable if a patient was harmed by a person on a temporary license. Deputy Attorney General Dreitzer stated no, as long as the statutes are being followed. The Executive Secretary stated that the statute reads that applicants are required to submit fingerprints that *may* be submitted to the Nevada Highway Patrol. There is no provision in statute that requires the Board to submit the fingerprint cards for processing. She also noted that during the last Legislative Session, the graduate status would not be approved by the Legislature unless the Board agreed to require the results of the fingerprinting before graduate status could be considered. The Executive Secretary noted that if the Board were to consider temporary licensure, the type of setting should be specified in the language. She stated that in the home health arena, supervision would not be feasible. Board Member Spano stated that such a license would impact the workload of the Board office by trying to stay on top of all of the temporary licenses. Deputy Attorney General Dreitzer stated that an arrest/conviction report can be obtained from Metro quickly. He stated that the only information needed is the name and social security number. The Board asked Mr. Dreitzer to look into this matter and report to the Board. Board Member Close stated that such a report would certainly provide comfort when issuing a temporary license. It was discussed that statutory changes would be necessary to implement these changes, should the Board want to do so.

- Item 22- Review of memorandum from Inspectors and a request from Lawrence P. Mooney, Chief Inspector, regarding the Board's guidelines for the annual routine inspections. Chief Inspector Mooney stated that the other inspectors recommend performing inspections of a percentage of the licensees as follows: periodic unannounced visits of 15% of those inspected last year and 25-40% of those persons not visited last year. He asked if the Board wanted to include or exclude home health agencies, schools, and rural areas. On motion by Board Member Bible, seconded by Board Member Spano and approved with a unanimous vote, the inspections will include 15% of those licensees inspected last year and 25% of licensees not inspected last year. In addition, the inspections will include all facilities in rural areas, but will exclude home health agencies and schools. The inspections will include verification of address matching address of record, appropriate supervision of PTAs and technicians, posting of licenses and chart review.
- Item 23- Review and approval of the Advisory Opinion on Electromyography as it relates to the practice of physical therapy. The Board reviewed the Advisory Opinion. On motion by Board Member Bible, seconded by Board Member Spano and approved with a unanimous vote, the Board adopted the approval.
- Item 24- Complaint Hearings and/or Review and Approval of Consent Decrees.
- Case #2005-50 / Monique Haviland, PT. This case was tabled until the next meeting.
- Case #2005-55 / Mark J. Coglianese, PT. Board Member Bible recused himself from this case as he was the Investigative Board Member. On motion by Board Member Close, seconded by Board Member Villafuerte and approved with a unanimous vote, the Consent Decree was approved.
- Case #2006-12 / Monica Bruesewitz, PT. Board Member Close recused himself from this case he was the Investigative Board Member. On motion by Board Member Bible, seconded by Board Member Villafuerte and approved with a unanimous vote, the Consent Decree was approved.
- Case #2006-13 / Mark Lawrence, PT. Board Member Bible recused himself from this case as he was the Investigative Board Member. On motion by Board Member Spano, seconded by Board Member Villafuerte and approved with a unanimous vote, the Consent Decree was approved.
- Item 25- Report from the Deputy Attorney General.
- Item 26- Consideration of settlement in the matter of Brandon Jackson, Case #2004-40 and Case #2004-47. The Board discussed the terms of the settlement. Mr. Dennett expressed his client's concern is the expense of the audits. The Board stated that determining the time it will take to perform an audit is not easy to determine. Mr. Dennett stated that he was uncertain as to such costs.

On motion by Board Member Spano, seconded by Board member Villafuerte and with Board Member Bible abstaining, the settlement was agreed to, including the following: the auditor, Steve Levine, will look at computer schedules, daily activity reports, patient charts, daily charge sheets, billing records and the timecards of staff. The audit shall contain at least 30 patients, selected randomly. Audits shall occur no more frequently than quarterly and will be random. The auditor can be changed with the Board's approval. Mr. Jackson's license will be placed on probation for a period of one year. During the first 6 months of that probation, Mr. Jackson must work under the direct supervision of two licensed physical therapist's approved by the Board. For the entire period of his probation, Mr. Jackson must work no more than 12 hours day, must see only an average of 2 patients per hour, not to exceed 3 patients per hour, and must not exceed a maximum of 20 patients per day. Mr. Jackson must also attend a Board approved course in ethics and documentation. Mr. Jackson will reimburse the Board costs in the amount of \$17,940.15 within 6 months of this agreement. Approval shall be made by Board Members Close and Hogan. *Please see formal settlement document for complete details of this settlement.*

Item 27- The Advisory Committee on Continuing Education requests the Board to review the following courses to determine their relevancy to the practice of physical therapy.

- 1) Cultural Awareness & Healthcare. On motion by Board Member Spano, seconded by Board Member Close and approved with a unanimous vote, the course was denied.
- 2) Cultural Competence & Cultural Diversity in PT: Current Status & Future Trends. Board Member Spano stated that this may be relevant. Board Member Villafuerte stated that this is an APTA course and deals specifically with physical therapy. Board Member Close noted that similar courses have historically been denied. He also stated that such a course will not make the attendee a better therapist. On motion by Board Member Spano, seconded by Board Member Hogan, with Board Members Villafuerte and Bible in opposition, the course was denied.
- 3) Educational Training Model for Developing Cultural Competence in PT and PTA Clinicians. On motion by Board Member Spano, seconded by Board Member Hogan, with Board Members Villafuerte and Bible in opposition, the course was denied.
- 4) Developing Cultural Competency in Student PT's: A Model of Curriculum Transformation. On motion by Board Member Spano, seconded by Board Member Hogan, with Board Members Villafuerte and Bible in opposition, the course was denied.

Item 28- Consideration of courses recommended by the Advisory Committee on Continuing Education at their meeting of May 19, 2006. On motion by Board Member Bible, seconded by Board member Villafuerte and approved with a unanimous vote, the following courses were approved through July 31, 2006 for the units listed.

Provider	Course	CE Units	Unit Type

Item 29- Hearing on notice of intent to act upon a regulation.

Dr. Joe Cracraft, PT, appeared. He stated that 640.595, sections 2 through 5, may need changes. He further commented that adding the language for what technicians can't do, it can be assumed that the technicians can do everything else. He also noted that this language can be taken as technicians being equal to license physical therapist's assistants. He stated that with the use of technicians being over-utilized currently, this language could make matters worse. Joanne Gutschick, PT, also appeared and echoed the comments of Dr. Cracraft.

On motion by Board Member Bible, seconded by Board Member Villafuerte and approved with a unanimous vote, NAC 640.592(1)(d) was amended to require a visit every 7th visit instead of every 6th.

On motion by Board Member Hogan, seconded by Board Member Villafuerte and approved with a unanimous vote, 640.595(2)(3)(4)(5) were removed.

On motion by Board Member Hogan, seconded by Board Member Villafuerte and approved with a unanimous vote, the Board approved all NAC changes as written.

Item 30 - Items for future agendas. Board Member Bible requested an action item be placed on the next agenda to consider bonuses for Allison Tresca and Aimee Auvil for their outstanding performance throughout the year and especially during the renewal period.

Item 31- Public comment period. Beth Altenburger from UNLV presented a gift to Chairman Hogan in appreciation of her work on their advisory committee. Board Member Bible thanked Deputy Attorney General Dreitzer for his continued service to the Board.

Item 32- Review of files/ratification for licensure. On motion by Board Member Close, seconded by Board Member Bible and approved with a unanimous vote, the following licenses were ratified.
